* *Please be advised that there will be additional charges for any engagements concerning assessments or re-assessments by Canada Revenue Agency.*

** *These charges are based on the use of client summaries and do not include bookkeeping services (summarizing and sorting of loose client receipts)*

*** *From time to time we are asked to review the work of others. To do so effectively we must invest the same amount of time as required to prepare the return in house. To do so in any other fashion would not be a full review.*

**** *For clients that have completed a trip worksheet or submitted a summary of their trip expenses there is no charge to complete the Northern Residents Deductions as part of the client's tax return. The charges reflect the time required to assemble and summarize loose travel receipts. These guidelines also apply to the home renovation tax credit on 2009 T1s. If all expenses have been summarized and client summaries have been submitted there is no additional charge.*
